Rotary Bandshell at Dorset Park

Band Shell Use & Fee Policy

Mission Statement:

“To provide a high quality and relaxed outdoor cultural and social venue to be utilized by residents, schools, local organizations, city and the expanded community at large.”

Purpose & Function

The Rotary Band Shell of South Burlington shall be used for events and programs as approved by the Recreation & Parks Department through the permitting process.

Use of the Rotary Band Shell of South Burlington is intended for the enjoyment of residents and visitors to our area. The Band Shell is a multi-use facility capable of accommodating performances, plays, concerts, functions, and family-oriented cultural and social events.

Approved activities shall include the following attributes:

- Activities which are in accordance with policies and procedures approved by the City of South Burlington;
- Activities whose physical needs can be met by the physical capabilities of the Band Shell and park support facilities e.g., seating, parking, sanitation, other park uses;
- Activities that do not limit the enjoyment of the park by other park users or disturb the peace of the surrounding neighborhood and community.
- Activities that are family-oriented and intended for the general public.

Priority Usage

The Band Shell shall be used primarily for the City of South Burlington arts programs and special events sponsored by the South Burlington Recreation & Parks Department, and/or Community Library. There shall be no fee charged to any city sponsored programs to utilize the Band Shell.

Secondary to City events, the South Burlington School District will be assigned second priority to use, for which most fees will be waived.

The Rotary Club of South Burlington will receive third priority, followed by any other South Burlington based non-profit group. Minimal charges may apply including electricity.

On a space available basis, business or private rental use will be made available by request through the permitting process. Standard charges and any additional charges will apply based on conditions of permit.

The Recreation & Parks Department and City Manager have the right to waive any condition and/or fee on an individual basis.

Band Shell Use Policy

The Recreation & Parks Director or his designee shall issue a permit if the applicant's use will not materially interfere with the enjoyment and use of City parks by the general public based on consideration of whether the applicant's activity:

- (1) Will detract from residents' entitlement to recreation;
- (2) Will unreasonably infringe on public health, safety or welfare;
- (3) Will interfere with facilities reserved for other uses;
- (4) Will interfere with traffic or burden police services;
- (5) Is likely to cause personal or property injury, incite violence, crime, or disorderly conduct;
- (6) Is for the primary purpose of advertising products, goods or events, or for purely private profit.

The Recreation & Parks Director may impose reasonable conditions upon the issuance of a permit. A fee may be imposed as a condition to the issuance of a permit in relation to fund raising activity or for the purpose of defraying the costs of cleanup, either before or after the proposed activity. As a condition of the issuance of a permit, the Recreation & Parks Director may, at his/her discretion, require the posting of a bond to cover possible damages to any City property and may require the individual or group to have in attendance a law enforcement officer. Any permit is revocable for violation or breach of the conditions attached to the permit.

All groups using the band shell must comply with all local ordinances, state, and federal codes, regulations, and laws, including fire and safety codes. Alcohol is prohibited in all city parks. No glass bottles or containers allowed in park.

No Band Shell event will be permitted unless a written permit has been granted by the Recreation & Parks Dept., and when appropriate, approved by the Band Shell Committee. Events will be approved based on priority of usage and handled on a first come, first serve basis. Band Shell permits are available through the Recreation & Parks Department. The City reserves the right to deny and/or cancel use of the

Band Shell at its sole discretion. Permits may be revoked at any time by city officials, in their sole discretion, for reasons including, but not limited to violations of any Park, City, or State Ordinance, violation of conditions of the Band Shell permit, or reasons of safety.

The applicant must be a minimum of 18 years of age and have the permit with them at their event. The applicant is responsible for the actions of everyone affiliated with the event. The applicant is responsible for all fees required for use of the band shell. Obtaining all required approvals and permits is the responsibility of the user.

An Entertainment Permit is required for any event or performance using amplified music, or events running longer than 3 hours. No event shall run longer than a three-hour period without City Council approval.

The user is responsible for all set-up and agrees to accept the Band Shell as-is. Hookups are available for electricity and all equipment brought in by the user must meet and not exceed the capability designed for this venue. Specifications are available from the Recreation & Parks Dept. The user is responsible for all clean up immediately following its event; the user is responsible for cleaning and restoring the area to its same condition after the event. A (before and after) event inspection will be conducted and Recreation & Parks Director will determine "same condition" and his/her decision is final. The cost of any damage to the facility or area and any employee time incurred because of the event will be borne by the user.

Events attracting more than 300 people will necessitate the following:

- Having a police officer on duty, at the expense of the User, to assist with traffic/parking and safety:
- A Park Staff person will also be required at the expense of the User, and:
- Additional portable bathroom facilities will be required at the expense of the User to meet the standard requirement based on actual numbers:
- Events expecting more than 300 people may require a review of a plan showing the layout for the event.

The granting of a permit does not give the user the right to sell or offer for sale any articles, tickets, or refreshments within or adjacent to any park area. Groups using the Band Shell with the intention of selling any items, including food/beverages, souvenirs, or other items, must apply for a Vending Permit and receive advance written approval from the Recreation & Parks Dept. and Zoning Administrator. No outdoor advertising, signs, banners, etc. are allowed without permission.

The City of South Burlington may require a certificate of insurance for certain types of events, the applicant to provide proof of insurance for this purpose, naming the City of South Burlington as Additional Insured.

Any misrepresentation of information contained on the application form or taking place at the event will result in immediate suspension of the permit and jeopardize any future use of the Band Shell by the applicant/organization.

The Band Shell will not be used more than two consecutive evenings and not more than four evenings/week, or more than 2 separate events per day. Reservations will be accepted for the period May 1-October 31 of each year. All events must end at dusk, and at any time, no later than 9:00 pm unless approved by the City Council. No event requiring amplified sound will be scheduled prior to 10:00 am. No outside lighting allowed.

Parking is allowed in designated spaces only, unless additional provisions are approved in advance by the Recreation & Parks Dept. No heavy equipment, vehicles, or props will be brought into the Band Shell or the surrounding area without the consent of the Recreation & Parks Department. Other than bleachers, no other park equipment is to be brought over to the Band Shell area. Picnic tables are not to be moved.

The Band Shell application must be filled out and received with payment of non-refundable fee of \$20 no later than 30 days prior to date of event. Checks should be made payable to City of South Burlington. Remainder of fees are payable in full 14 days prior to event. Full refund if canceled 14 days prior to event, 50% refund if 7 or more days prior, no refund if less than 7 days unless canceled due to weather the date of the event.

Any event exceeding the audio capabilities of the Band Shell as determined by the city requires a licensed electrician at user expense.

Rental rates for use of the band shell do not include rates for park staff or additional services required. Utilization of Band Shell equipment requires use of a sound technician provided by the City at the user's expense. The City will make the request for scheduling the technician, and permit will depend on their availability.

Admission fees are permitted with the approval of the Recreation & Parks Dept./Band Shell Committee or City Manager. Free-will contributions allowed if specified in the application, completely voluntarily submitted, and confined to the Band Shell area.

User warrants that a licensing fee has been paid to ASCAP, BMI, and any other similar licensing entity, if applicable, for all copyrighted material to be used or performed at the Band Shell. By accepting a permit, user agrees to indemnify and hold harmless the City of South Burlington from any and all claims, losses, or expenses incurred in regard to the use of copyrighted material to be performed at the Band Shell.

Events staged strictly for advertising and promotion purposes are not allowed. All staging must be done on or adjacent to the Band Shell stage. Set-up time may commence no earlier than one-hour prior to event. No event should be announced to the public until the applicant has received approval for the event.

No event shall produce noise levels that interfere with or detract from the enjoyment of the public in the surrounding area. Speakers must face south only. The maximum decibel level allowed is 90 decibels from the stage out to 100 feet. The noise level may be altered (lowered) by the Recreation Dept. or its representative at any event based on weather/wind or other conditions.

The Recreation & Parks Director, Band Shell Committee, or City Manager may modify fees and/or waive fees if deemed appropriate. Following initial approval from the City Council, the Recreation Director, with approval from the City Band Shell Committee, may alter or add to these conditions as deemed necessary and appropriate.

Band Shell Rates

\$20 non-refundable application fee

\$50/hr. max. 3 hours of event time

\$20/hr. for use of Band Shell audio equipment (requires technician)

\$35/hr. for sound technician
